MSTA website:

www.mstalliance.com

An enhanced administration, assurance and support package for NQTs includes:

- MSTA NQT Induction year support
- Registration of each NQT
- Welcome meeting for NQTs and Mentors – **Tuesday 12th September 2017** - providing an overview of the induction process
- Access to network meetings for NQTs - **half-termly**
- Induction Mentor support
- Administration, monitoring and quality assurance of NQT assessment forms – Induction Reports 1,2 and 3 plus interim reports if required
- Quality assurance visits to a representative sample of schools annually
- NQT and Induction Mentor telephone and website guidance as required
- MSTA NQT coordinator support including school visit and optional lesson observation - our coordinator has extensive HT experience

NB: If any additional work is required over and above this list it will be chargeable. This only rarely occurs where a major problem arises during the induction period

Our comprehensive support and CPD programme will help NQTs to get the best possible start for their teaching careers. Utilising a team of experienced and outstanding teachers, SLEs and senior leaders, MSTA will support NQTs and Mentors towards a successful induction year. The introductory NQT and Mentor Welcome meeting will provide the first of many networking opportunities, together with practical advice.

An extensive **CPD package** is also available – details overleaf.

There is an **additional cost** for this of:

£45 for half day or twilight sessions

£95 for a full day {EYFS days 1 and 2}

This year, we are also collaborating with 12 North East regions to provide conferences for our NQTs with internationally renowned speakers – details overleaf.

£75 for conference delegates

Early booking is essential. Please see the website for full details and booking facility.

Please Note:

We expect NQTs to attend the welcome meeting at the beginning of the year and half-termly network meetings to ensure they are able to participate fully in the programme and are able to collaborate with colleagues.

Other Joint Professional Development sessions are optional and we hope that the organisation of our programme this year will enable schools, Mentors and NQTs to select sessions that will enhance personalised programmes for individual NQTs.
